## EXPERIENCE

---

### **TARGET, UWCHLAN & LITTTZ, PA | *SPECIALTY SALES* | JUNE 2021 - PRESENT**

- Assist an average of 30+ customers a day with inquiries, product selection, and purchases to provide excellent customer service and achieve high guest satisfaction.
- Implemented visual merchandise displays following the provided guide, increasing product visibility, accessibility to guests, and a boost in sales.
- Precisely followed planograms to arrange and organize merchandise on the store floor, maintaining a consistently organized and visually appealing shopping environment.

### **MCDONALD'S, LINDENWOLD, NJ | *CREW MEMBER* | JUNE 2020 - MAY 2021**

- Provided friendly and efficient customer service in a high-volume, fast-paced environment, handling an average of 100+ orders per shift with high order accuracy.
- Demonstrated excellent time management skills during busy periods, ensuring accurate order fulfillment for guest satisfaction within established timeframes.

### **CHANNEL 19 TECH CREW, SOMERDALE, NJ | *TECH CREW MEMBER* | SEPTEMBER 2016 - MARCH 2020**

- Played a key role in a broadcasting club and managed various technical aspects, including operating the replay and lighting system to capture important moments during live events and enhance overall production quality.
- Efficiently set up cameras, soundboard, and equipment connections for filming and optimal audio during broadcasts and events. This seamless technical setup achieved zero technical issues reported during air time.

## PROJECTS

---

### **SOMNIARY | A DREAM TRACKING APPLICATION | JUNE 2023**

- Developed an application and database architecture for users to log and securely track their dreams in a private journal upon login, utilizing full user authentication and secure password management.
- Designed a user dashboard so people can submit dreams to a public collective, catalog their dreams by type, set a dreaming goal, and view random dreams of theirs as a reflection.
- Collaborated using git version control, kept a clean codebase adhering to best practice, and used project management skills and agile development to keep the project on track.
- Repository: <https://github.com/Cat-Scratch-Feev/somniary>
- Live Application: <https://pacific-tor-76597-f8e2bab9d69c.herokuapp.com/landing>

## **FEEV.IO | A COMPETITIVE TRIVIA APPLICATION | AUGUST 2023**

- Designed an engaging, user-friendly, and accessible wireframe in Figma for the entirety of the application to ensure an intuitive interface and iterated design with user input.
- Developed a competitive gaming experience where users can sign in, choose from a variety of trivia categories, and compete with others to earn high scores on the feev.io leaderboard.
- Implemented timed trivia and incorrect answer penalties to encourage active engagement and enhance the competitive aspect of the application.
- Repository: <https://github.com/Cat-Scratch-Feev/trivia-feev>
- Live Application: <https://feevio-9028928ec5ce.herokuapp.com/leaderboard>

## **EDUCATION**

---

### **CERTIFICATE, FULL STACK WEB DEVELOPMENT | MARCH 2023 - AUGUST 2023**

UNIVERSITY OF MINNESOTA

- Following a rigorous 24-week program focusing on essential skills in full-stack web development, keeping up with current industry technology and trends.
- Achieved completion of coding challenges using HTML, CSS, JavaScript, gaining technical programming skills essential in front and back-end web development.

### **CERTIFICATE, UX/UI BOOT CAMP | SEPTEMBER 2023 - EXPECTED MARCH 2024**

UNIVERSITY OF MINNESOTA

## **PROFESSIONAL DEVELOPMENT**

---

### **INTRODUCTION TO WEB DEVELOPMENT CERTIFICATE | DECEMBER 2022**

CODE FIRST GIRLS

- Participated and met the criteria for certification in an eight-week program following web development fundamentals.
